

Review Final Frogger (again)

Mr. Neat
Java

Lab

- Update Frogger so that all of your Vehicles (Cars, Bicycles, BikeWPerson) are in the game
- Make each Vehicle have:
 - Random colors
 - Random names
 - Random location
 - Random speeds
 - Random size (for person)
- Tune (test) it so that the game is entertaining

hints

- You may have to update some super classes
 - Add abstract methods to Vehicle
 - Change method parameters
